Act 1

Beginning the Gala

The sun was shining bright, and the birds were chirping high in the sky. Until a purple alicorn zoomed by. Twilight Sparkle and her friends were taking a trip to Canterlot for the biggest party of the year, the Grand Galloping Gala. Spike was riding Twilight on her back happy and excited. He felt so alive, he was willing to tell Rarity to his special somepony. "Keep it up, Twilight! We're almost there!" Twilight was getting tired of Spike telling her to hurry up. "I know that, Spike. Be patient, will you?" Twilight found a place to land on and Spike bounced off Twilight's back. "Hooray, we're here! The gala must go on." Twilight sighed for a second. Spike turned around to see the tired look on Twilight's face. "Hey, what's the matter, Twilight?" Twilight opened her eyes wide and responded to Spike. "Nothing, Spike, everything's fine. It's just that, ...what if the gala turns out bad, just like the last time?" Spike smiled and knew her compassions about the gala turning bad. "Aww, there's no need to be worried. This time Fluttershy invited Discord to be with her at the gala. And everytime when your at the gala, your always with Celestia." Twilight remembers those times when she was with Celestia at the gala. "I do, don't I?" After a short conversation between Twilight and Spike, they heard voices from behind them. It was their friends, Rainbow Dash, Pinkie Pie, Rarity, Starlight Glimmer,

Applejack, Fluttershy and the Cutie Mark Crusaders, Apple Bloom, Scootaloo, Sweetie Belle and the CMC's friends, Diamond Tiara, Silver Spoon, and Fluttershy's old friend Discord. Twilight was delighted to see them. "Girls! You're here!" She ran up to them and hugged them. "Oh, I'm so glad to see you all." Applejack smiled and chuckled. "We're all happy to see you too, Sugarcube." Rainbow Dash laughed with joy. "And you look twenty-percent cooler than ever!" Spike was glad to see the others too, well it was Rarity what made him glad the most. "How are you doing, Rarity?" Rarity looked and saw him in front of her. "I'm doing fine Spikey-boo. Thanks for asking." Twilight saw Diamond Tiara and Silver Spoon with the CMC. "What are these fillies doing here?" One of the two fillies had to answer the question. So Diamond Tiara told why they're with the CMC. "Well, long story short, me and my friend thought that we should go with them. I do owe them one after ...well, all those years of how I treated them." Twilight smiled at her straight in the eye. "Well, at least you saw them get their cutie marks." Diamond Tiara agreed about that one time. "Yep, they sure did. Well, that first time when we met her cousin, she didn't actually have her cutie mark. We were almost fooled by her." Apple Bloom listened to what Diamond Tiara was saying and started thinking about her cousin, Babs Seed, with a worried look on her face. Applejack looked and saw the worried look on her little sister's face. "Apple Bloom, what's the matter?" Apple Bloom looked at her big sister, Applejack was concerned. "I've been thinking about my cousin, Babs. What Diamond Tiara said about us getting our cutie marks, what if Babs never gets hers." Applejack understood what she was trying to tell her. "There's no need to be worried, little sis. I got a contact from her mother and she said her daughter, Babs got her cutie mark!" The little filly gasped in excitement, she started jumping happily. Pinkie Pie jumped for joy. "I bet there's going to be cake and cider!" Starlight looked at Pinkie Pie and made a thought about her excitement. "Ha. I guess that explains why you're so hyped up all the time. You eat a lot of sugar, don't you?" Pinkie Pie grabbed her face and yelled with more excitement. "You bet I am. I Love SUGAR!" Twilight laughed quietly. "Ok, enough with the excitement, let's get in the castle and start \*gulps\* decorating, shall we?" Fluttershy looked at Twilight's face. "Is Twilight ok? She sounds really nervous." Discord lowered his head next to Fluttershy's head. "Don't worry about her, Darling. I'm sure she knows best. Well... not always. Don't you remember the last time. The smooze, watermelon splattered, a sock puppet dimension-?" Fluttershy cut him off before he can say more. "Yeah, I remember. Guh." As the group of ponies and the two creatures went into the castle, it was half decorated. Shining Armour and the three alicorn princesses, Cadence, Luna, and Celestia were already decorating the ball room. Twilight was shocked. "Brother! I thought you were going to wait for us and then start decorating." The blue-maned unicorn turned in a surprised way. "Oh, I-I'm sorry, Twily, we had to get started. We didn't have time to wait." Celestia had to fix it. "Now that you're here, Twilight, you and your friends should get started." Twilight smiled and nodded. "Yes, Princess, we shall get started. Right, girls?" Then the rest of Twilight's friends nodded. Spike thought now that the others are helping decorating the ball room, he tried to do something to ask Rarity to be his special somepony. He rushed down to the Canterlot garden and picked a couple flowers for Rarity. As he was about to get back to the ball room, he heard Rainbow Dash calling for Rarity. "Hey, Rarity, I found Fancy Pants for you." Rarity was so pleased to see Fancy Pants. "Oh my, thank you Rainbow." Spike screeched and gasped, then he hid behind a wall. He heard the conversation between Rarity and Fancy Pants. Fancy Pants was asking

Rarity to him. Rarity started tearing up with joy. She screamed with Happiness. "OH YES! Yes, Fancy Pants, I love to!" Fancy Pants smiled and chuckled. "Then it's settled." Spike opened his eyes wider and wider. Then he hid behind the wall again, he's eyes started tearing up and then he ran off heartbroken. Fluttershy opened her eyes wide, she had a idea. "Hey, Twilight, there's something nice. I'm going to make fruit punch for the gala." Twilight smiled wisely and excited. "Fluttershy, that's a really great idea. Does anypony have any ideas for snacks?" If there's anypony who's going to be in charge of the snacks, it's Applejack. "I'll be in charge of the food and cider." Rainbow Dash started to drool, cider was her favorite drink. "Yes, make sure you fill it with love." Applejack gave a sterned glare at Rainbow Dash and rolled her eyes. Twilight asked his brother a question. "Hey BBBBFF, where's your child?" Shining Armour looked at Twilight and spoke to her. "The child won't be coming to the gala, she needs her sleep. Also she hates loud noises." No pony heard a voice from Spike. Starlight looked around the room to find him. "Has anypony seen Spike?"

## Act 2

### The Gala

There were alot of ponies at the gala. Twilight's friends were teasing Twilight about being with one of the castle guards named Flash Sentry. Rainbow Dash was one that started it all. "Hey, Twilight, who's your +1, is it Flash Sentry?" Twilight thought it was really embarasing when they talk about her with Flash Sentry. "Would you please knock it off girls, you know I don't like it when you talk about that type of stuff." Rainbow Dash understood what Twilight was trying to tell her. "I'm sorry, Twilight, I do I promise I'll stop. By the way, have you seen Starlight?" Twilight remembered what Starlight said earlier when they were decorating the gala. "She told she'll be looking for Spike, nopony has seen him anywhere." Fluttershy walked up to Twilight and asked her. "Hey, Twilight, have you seen Discord anywhere? He told me to meet him at a table, and I thought which table is he at?" Twilight stopped and thought for a second. Then she remembered which table he's at. "Yeah, that table over there." Fluttershy saw Discord at the table reading a newspaper and thanked Twilight. "Thank you, Twi." She went up to Discord. "Whatcha readin' sugar bun?" Discord turned around and became suprised. "Oh, uh, Fluttershy, I-I didn't see you there." On the newspaper, Fluttershy saw a raging black gryphon. She looked at it creeped out and afraid. "Uh, who is that?" Discord looked at her confused. "Who?" Fluttershy pointed at the newspaper. "Him, that raging gryphon the paper." Discord looked at the picture and told Fluttershy the story about that creature on the paper. "That is Javier Black. He's the most dangerous gryphons in all of Equestria. He can rip your skin open and eat your soul." Fluttershy watched in a horrorfying look. "Wow, he can really do that?" Discord laughed telling Fluttershy it was only a joke. "Ha ha, no." The two friends saw a flash of magic, it was Starlight Glimmer. "Spike was nowhere to be seen." Twilight was scared and worried. "We have to find him, we are at the gala and he's not here yet." Rainbow Dash responded in a rude way. "Where ever he is, he is missing on all of the fun. I could be assuming that he's at our castle in Ponyville." Twilight's face turned red and then she shouted at Rainbow. "WE WOULD NEVER LEAVE HIM IN THE STINKIN' CASTLE, THERE IS NO WAY HE WOULD GO BACK TO THE CASTLE BY HIMSELF! Discord was alert of Twilight being loud in the ball room. He went up to her and covered her mouth. "Shh! We are in

the ball room. There are ponies around." Twilight was sorry about what she told Rainbow Dash. She frowned and looked at the ground. "I'm sorry, Discord, trying to find Spike is just too frustrating." Discord lifted her chin up and Twilight looked at him in the eye. "Look at me, Twilight. There will be a way to find friend, I promise." Twilight closed her eyes and nodded. All of a sudden, the CMC and their two friends heard a voice. Hey, girls, sorry I'm late." It was Babs Seed. "BABS!" Apple Bloom ran up to her and hugged her cousin "Thank god you came. Uh, why are you here? Apple Bloom was concerned why her cousin is here. "Why, your sister invited me and my mom here." Apple Bloom gasped in excitement. "NO WAY! Why didn't you tell me, sis." Applejack explained why she invited Babs to the Gala. "I wanted it to be a surprise." Apple Bloom raised an eyebrow and nodded her head. Babs looked around the ball room seeing how well-decorated the ball room looks. Until she saw Diamond Tiara and Silver Spoon with Scootaloo and Sweetie Belle. "Hey, what is she doing here?" Apple Bloom stopped her. "No no, it's okay. She's friends with us now." Diamond Tiara and Silver Spoon agreed. Diamond Tiara walked up to her and told her the story. "That's right. My mom called these girls 'Blank Flanks' and then I stood up to her for them." Babs was so confused. "What on earth is she talking about?" She stopped and took a deep breath. "Sorry, ...I just needed a second to calm down for a bit. Oh almost forgot. Babs turned and made Apple Bloom see that she has her cutie mark. "Woo-hoo, i can't believe it. But, ... what is it exactly." Babs looked at it and told her what it was. "Meh, it's just a couple seeds. Not a big deal. Diamond Tiara looked at it with a grin. "I got to tell you I'm impressed. But, look at you girl, you look great." Babs blushed looked at Diamond Tiara again. She giggled. "Thanks, I guess." Then she looked at Apple Bloom and thought she looked. "To be honest, you look great in that dress, cuz." Apple Bloom's cheeks turns pink and after a second, her stomach started girgglng with pain. "Oh no, excuse me for a minute." Babs raised an eyebrow. "Wait, we are getting started to drink some punch." Apple Bloom told her cousin she drank the punch and continue to run to the bathroom. "I already drank the punch, just give me a minute." Diamond Tiara looked at the ground for a second and looked up and Babs. " I guess she lost interest in drinking." Babs looked back behind her shoulder. "I don't think she's like that." They heard Applejack calling for them. "Girls, it's time to drink the punch." Then she realized Apple Bloom wasn't with Diamond Tiara and Babs anymore. "Uh, Babs, where's your cousin." Babs knew she had to answer the question. "She's in the bathroom. Just give her some time." In the bathroom, Apple Bloom was barfing in the toilet for 15 seconds. After she went out of the bathroom, she moaned and thought to herself. "What was in that punch?" Before she walked back into the ball room, she heard groaning coming from the end of the hall. She walked over there and looked in one of the rooms and saw a light-brown pony with a white mane, glasses and no hind hooves. It was Mayor Mare. Apple Bloom gasped. "Mayor!" She went over to the poor mare's body. Then the mayor coughed. "Are you... Applejack's... sister?" Apple Bloom nodded and looked at the other end of the her boby, where her hind hooves were cut off. "What happened to your hooves, girl?" The poor mayor groaned again. "My blood... is in... the punch." Apple Bloom gasped with fright. "Ooooh! No wonder." Then she backed away from the weak mare in terror and thought that if Babs drank the punch, then she would get sick too. Her heart started to beat and her hooves started to shake. Then she ran down the hall way and into the ball room then sees Babs getting her drink of fruit punch with Mayor Mare's blood in it. Babs's mouth was wide and her eyes sparkled. Apple Bloom's puple on her eyes started to get smaller

and smaller as her cousin was about to take a sip out the bloody punch. "DON'T DRINK THAT!" Babs stops and turns around and sees her staring at her. Everypony looked at Apple Bloom. "Gee wiz, little sis. Are you ok?" Everypony started making thoughts of what was going on with Apple Bloom. Rainbow Dash made her first thought. "Maybe she's imaging her being chased by a zompony." Twilight glared at Rainbow. "Everypony knows that zomponies don't exist, Rainbow." Apple Bloom couldn't take it anymore. "You're drinking blood punch!" Pinkie Pie was confused. "What? Are you Serious? What do you take us for? Vampires?" Discord moved to a side of Pinkie. "Oh, Pinkie Pie. Don't fall for it, there's always something with this cutie pie. I mean, she could use some manners." Apple Bloom started to get upset. "MAYOR MARE AT THE OTHER END OF THE HALL WITH HER FREAKING HOOVES CUT OFF! Your drinking her blood! And it's in that punch!" Applejack gasped and made a glare with anger. "APPLE BLOOM, HOW DARE YOU! My friend put alot of effort into this punch! YOU ARE INSULTING HER!" Sweetie Belle had to agree. "Yeah, Apple Bloom. What's going on with you?" Apple Bloom started to get madder and madder. "If you go to the end of the hall, YOU'LL SEE A MARE WITH HER HOOVES HACKED OFF!" Everypony heard a noise coming from the door. Everypony stopped talking. Then they saw Mayor Mare crawling into the ball room. Everypony gasped and Twilight dropped her punch. "Oh... my..." Then Twilight screaming with fright and they ran to her. "MAYOR MARE! What happened to you? Speak to me!" The mayor coughed and woke up and spoke in a weak voice. "Twilight, you have to help me. My hooves are cut off." Twilight looked at the other end of the weak pony's body. "But, when did this happened? And where's Spike?" Mayor Mare remembered what happened. She knew she had to do it. But, Twilight wouldn't like it. "I saw Spike at the Canterlot garden, crying. He told what made him sad is when he saw Rarity with Fancy Pants." She looked at Rarity and explained why he's heartbroken of what he saw. "Rarity, Spike loves you. He told he always have. He's been looking forward to tell you to be his special somepony." Rarity opened her eyes wide and remembered her days with Spike like he helped her find gyms at the rock farm and all those times when Spike visited her boutique, that was why Spike is always being with her. Then she realized how much Spike loved her and all those times she told him what do like take out the trash and moved her suit cases when she was at Manehattan. "Spike... loves me?" She felt terrible. "How could I've been so cruel?" Fancy Pants looked at Rarity. Then Rarity looked at Fancy Pants. "Oh, Fancy Pants, I-I could explain." But, Fancy Pants put his hoof on her mouth to stop her. "It's ok. There's no need to explain. I heard the whole story." Rarity started tearing up and looked at her necklace that Fancy Pants gave her. "But, what about our marriage?" Fancy Pants understood what Rarity was asking him. "If your planning on marrying that little dragon of yours, it's fine. I won't be upset." Rarity smiled and gave Fancy Pants back the necklace. Babs remembered the first question that Twilight asked. "WAIT! When did it happen?" Mayor Mare groaned and spoke again. "It happened in the afternoon. A gryphon named Javier Black captured him with a bag. Then the monster grabbed an axe and chopped my hind hooves off. And that's why I was at the end of the hall. He scraped my blood out and mixed it with the punch." Twilight gasped, her heart fell to the pits of her stomach. "Oh no, what if he does something bad to Spike like cut his stomach open." Pinkie Pie had another thought. "What if that meanie feeds him gummy worms until Spike gets a belly ache." Then she was confused. "Uh, who is Javier Black?" Discord knew the story. "I know that creature, he's the most dangerous gryphon in the world." Twilight became more scared than ever. Just then, the pony gang heard thunder crash from outside of the castle, it was a giant storm cloud. It was storming over

Ponyville. Twilight had a bad feeling about what's going to happen. "It's spreading all over Ponyville." Starlight felt Twilight's compassion. "We have to go back, I know how to go back. Shining Armor go grab some guards, Celestia and Luna make the rest of the ponies are safe." She pointed a hoof at the six little fillies. "You six can come with us." Applejack moved over to Starlight. "Um, Starlight, are you sure. I don't want these fillies to get hurt." Starlight looked at Applejack and raised an eyebrow. "I'm pretty sure Fluttershy and Discord will keep them safe." Shining Armor appeared with a group of guards. "I'm back." Starlight looked at the group of guards and nodded. "Excellent! Now everypony get closer, I know how to get back." Starlight used her teleportation magic to get back. The Mane 7 have a village to save.

### Act 3

#### Battle in Ponyville

The mane 7 got back to the village. They were holding each other while they teleporting. Then let go. Rainbow Dash had a rough time while teleporting. "How come we haven't done that earlier? That was even quicker than flying." Starlight gave a sterned look at Rainbow. "My magic's more useful than flying." The gang looked up, they were really close to the storm. A flying creature flew out of the cloud and landed on it's feet. It was Javier Black. "Well, sorry that I had to interrupt a party of yours." Then all of a sudden, two young pegasi named Aurora and Orion walked from behind the black flyer. They were wearing black suits and their faces had scars. Scootaloo recognized their faces, she got their attention. "Guys! It's me, your friend, Scootaloo. Your my friends in flight school." The two pegasi looked at the orange pegasus. They both gave her a glare. Orion went first. "We don't deal with other pegasi." Then Aurora took her to talk. "Especially orange pegasi like you." Scootaloo teared up and faced the ground. Javier stepped forward, grabbed a stool and showed the prisoner. It was Cadence and Shining Armor's baby, Flurry Heart. A voice came from above the group of ponies. "MY BABY!" It was Cadence. Shining Armor was equally suprised. "Dear, what are you doing here. I want you safe at the castle" Cadence tried to convince her husband to fight with him. "I'm strong and brave. I can handle this." Javier couldn't take the talking anymore. "Excuse me, can you just end the conversation so I can do my business?!" Then a voice appeared from behind them. "Leave your business to me." A small dragon wearing a black suit and mask was walking from behind the devilish hawk and the two glaring pegasi. He paused and took off the mask to reveal his face. His head was purple and his ears and spikes were green, it was Spike. Twilight and the others looked at him in horror as they watch him walk over to the baby holding a knife. "You maybe be the only baby in the world. But, once I kill you, THERE WILL BE NO WAY FOR YOUR FAMILY TO BRING YOU BACK!" He laughed as the thunder started to crash once more. He was about to take a stab at the child, but, Twilight shouted to stop him. "HOW COULD YOU?!" Thunder stopped crashing then the dragon turned around as he dropped the knife to see the teary-eyed alicorn. "HOW COULD YOU?! I THOUGHT YOU WERE MY FRIEND! AFTER ALL THOSE YEARS YOU WERE MY NUMBER ONE ASSISTANT, AND YOU TREATED ME LIKE I WAS YOUR BIG SISTER! NOW AFTER ALL THOSE YEARS OF BEING OUR FRIEND, YOUR JUST GOING TO LET THE REST OF US DIE?! I LOVED YOU WITH ALL MY HEART! Twilight started facing the ground and started crying. Then she looks up in the baby dragon for the second time. "How could you do this to us?" Spike's eyes showed no love at all, only hatred. Suddenly, he glared at Twilight, his face turned

red as he yells in return. "I HAD TO DO THIS! I DID ALL THIS JUST TO GET WHAT I WANTED! WHAT I WANTED TO DO ALL MY LIFE WAS IN ME! I SAW WHAT HAPPENED THIS AFTERNOON AND HOPES I WOULD TELL RARITY HOW I FELT! EVER SINCE I LAYED EYES ON RARITY, I TRIED TO KEEP IT A SECRET! BUT, I KNEW I WANTED TO DO IT ANYWAY! WELL, I COULDN'T! NOW THIS IS MY DESTINY! HOW DO YOU THINK I COULD TRY TO TELL A PONY HOW I FEEL?! HOW DID YOU...! He turned around shaking his head, then his rage burst into flames as he show Twilight a necklace he's wearing. "I WAS CHOSEN, ALRIGHT! IT WAS UP TO ME TO TELL RARITY HOW I FELT! BUT, YOU AND YOUR FRIENDS HAVE SPECIAL SOMEPONIES! AND THAT PART WASN'T JUST INFRONT OF ANYPONY, IT WAS INFRONT OF ME! IT WAS INFRONT OF ME, AND THAT'S THE WORST THING YOU AND YOUR FRIENDS COULD'VE DONE! YOU'RE NOT JUST DEAD TO ANYPONY, YOU'RE DEAD TO ME!" More flashes of lightning started crashing once more. Twilight couldn't handle it at all, her mind broke. Discord pulled Fluttershy closer to him, and Shining Armor also pulled Cadence closer to him. Spike's brain caught on fire with anger and pointed a claw at the pony gang. "SINCE YOU DID SOMETHING TERRIBLE INFRONT OF ME, I'LL DO SOMETHING TERRIBLE THAT WILL BE INFRONT OF YOU!" He snapped his fingers and dragged Shining Armor across the grass. He lifted him 8 feet high in the air. "These guards are with you, AND YOU BROUGHT THEM TO KILL ME!" He clunched his fist starting to bend Shining Armor's body backwards. Shining Armor's spine and torso started to bend and break. He screamed in pain as both halves of his body broke apart. Javier made a pit of fire and Spike threw both parts of Shining Armor's body in the fire pit watching it burn in flames. Cadence grabbed her baby and held it in her arms, crying. Spike turned around and darted a claw at Pinkie Pie and lifted her in the air. Spike rubbed his fingertips together causing Pinkie Pie's belly to expand. Pinkie started giggling. "Hey! That tickles." Her belly grew bigger and bigger and then it exploded. Guts were everywhere. Apple Bloom had an idea to stop him. "I have an idea." Diamond Tiara was too afraid to let her friend stand infront of him. "Apple Bloom, what are you doing? Are you crazy?" Apple Bloom looked at Diamond Tiara thinking it will be her last time. "Diamond Tiara, shh. It will be alright." Diamond Tiara nodded and backed away from Apple Bloom. She was proud of her friend. Apple Bloom took a deep breath and stepped infront of Spike. Spike was willing to take the chance against Apple Bloom. "Come on, sweetheart. Give me your best shot." Apple Bloom squinted her eyes and took off her dress, and made Spike see that her belly was covered in rainbow feathers. Apple Bloom spoke to him. "Spike, I don't know why you're doing. But, even if this is our last time seeing each other. I'll always know that you were the sweetest dragon ever. But, I bet I can hug you help you snap back into your real mind so you won't destroy me now." Apple Bloom walked towards Spike and Spike stepped back. Then he grew a sharp nail and stabbed her in the stomach. Then little Apple Bloom was gone. Applejack's eyes teared up as she watched her little sister's corpse fall. "Apple Bloom,... you were sensitive in the inside." Fluttershy loved Apple Bloom too. Then there was trouble, Spike noticed the look on Fluttershy's face and darted a claw straight at her. Fluttershy was being lifted in the air. Her wings were being ripped off her sides, she screamed with pain and tears rolled down her face. Discord gasped. "FLUTTERSHY!" Babs grew madder about her cousin getting killed. "YOU KILL MY COUSIN, I'LL KILL YOU!" Spike took a deep breath and threw up a huge fire ball all over Babs. "All the fried up spots and fire balls are literally so strong." Spike laughed with more darkness. "NOW WE HAVE A COUPLE PONIES DOWN, AND WITH YOU ALL AS MY MASTER'S HOSTAGES. THERE WILL BE NO TURNING BACK! Rarity growled as she ran over to Spike and took him down to the ground. Her hooves were keeping his arms stuck to the wet green

grass. "SPIKE, stop it! Don't you realize what the hell you are doing? Your murdering all your friends. Spike looked at Rarity in the eyes, then he glared once more. "I HAVE NO FRIENDS!" Then he kicked Rarity across the grass and got back up on his feet. "YOU PLANNED SOMETHING WITH FANCY PANTS AND I DIDN'T LIKE IT AT ALL!" Rarity knew what happened earlier that was wrong. "I know you saw Fancy Pants propose to me, but, I'm not in that plan anymore!" Spike continue to yell with more fury. "I thought we would be together, BUT, MY CHANCES TURNED OUT BAD AND IT TORE US BOTH APART!" Rarity closed her eyes and took a deep breath knowing that talking him out wasn't working. "I'm sorry, Spikey-wikey. You left me no choice but to do this to you. She used her magic to grab him and saw that there was a darkness glow on a necklace that Spike was wearing on his neck. She yanked it off his neck and a spirit of darkness raised from Spike's head. Then she puts him down. Spike opened his eyes and looked around. "What's happening?" Then he turns around and sees Javier Black preparing to strike. Spike gasped "JAVIER BLACK!" Javier recognized the look on Spike's face that he's got his actual head back. "So, your unicorn friend got your memory back. BUT, THERE'S NO WAY YOU'LL GET THESE PEGASI'S MEMORIES BACK!" Spike sprinted towards Aurora and then he sprinted towards Orion. He yanked all the necklaces that Aurora and Orion were wearing and the darkness spirits raised out of their heads. They turned to Spike and saw him holding the necklaces in front of them. "Javier Black's been controlling us with these!" They saw the necklaces in Spike's hand. Orion took a look at the darkness glow on the necklaces then his face turned red and faced Javier Black with madness. He grabbed a crystal ball from his black suit and grabbed Javier Black by the face. Orion held the crystal at the back of Javier's head being prepared to suck him in. Javier panicked with terror, but, the ball wasn't strong enough to pull him in. Orion started to get frustrated. "It's not strong enough. It doesn't have enough power to suck him in!" An idea flew into Spike's head. "I have an idea! Rarity come over." Rarity ran up to Spike. "What is it, Spike?" Spike got closer to Rarity. Then he kissed on the mouth. Rarity kissed him back. Then they were being raised in the air, a glow surrounded them and it exploded across everypony. It helped the crystal ball suck Javier Black in and it brought the murdered ponies back to life. Shining Armor's split-in-half body was raised from the fire, Pinkie Pie's belly was being healed, it healed Apple Bloom's torso and it got rid of the burned spots on Babs. Then it faded away and Rarity and Spike were back on the ground. Celestia, Luna and the rest of the ponies from the gala all arrived. Everypony was cheerful and Twilight was proud of his little guy. "Spike, you actually did it. That glow fixed everything. But, how did you know that creature?" Spike thought for a moment. "Oh, I read all about him in the newspaper. I found it in front of the castle before we left." Twilight was surprised for a second. "Cool, I guess that explains WHY DID YOU RUN AWAY LIKE THAT, SPIKE?! THE GALA WAS TODAY AND YOU MISSED ON ALL OF THE FUN!" Spike looked at the ground, he felt terrible. "Earlier, I saw Rarity with Fancy Pants make a proposal. I wanted to tell how I feel and thought we would be together. But, we were not." Rarity understood what Spike was trying to say. "You know, Spike, when Mayor Mare was crawling out of the hall, she told everything when she saw you at the garden this afternoon. Fancy Pants told if I wanted to marry you, then he's fine with it." Spike smiled and looked all over the place. He completely damaged the whole place. "I'm sorry I tortured you guys. I guess I didn't know I was being controlled by a devil creature like Javier Black." Fluttershy cut him off before he can say another word. "Oh, Spike. We all forgive, we always do. And I'm pretty sure Javier Black got a good taste of his own medicine."

Starlight smiled and gave a punch in the arm. "Oh, I bet he did." Rarity stepped closer to Spike and hugged her little dragon sweetheart. The crowd was amazed. "Awwwwwww" And that made Spike really happy. "Everypony Hug!" Everypony started hugging each other like Apple Bloom and Babs, Scootaloo and Silver Spoon, Sweetie Belle and Diamond Tiara, Applejack, Twilight, and Starlight, Rainbow Dash and Pinkie Pie, Fluttershy and Discord, Shining Armor and Cadence, and even Aurora and Orion. Spike was more happy than ever. "A hug is something special for someone you really love. Also, Apple Bloom can you explain to us what was with those rainbow feathers?" Apple Bloom gave a confused look. She looked at her torso. "Oh... these? I was only showing you them to tame you. Also, I needed some to protect my belly from itching. My dress has an itchy part that drives me crazy." Orion took a look at his suit. "At least this suit doesn't itch. But, I am sweating in it." Rainbow Dash thought of Javier Black. "You know, I kinda felt bad about Javier Black." Everypony looked at Rainbow Dash. Rarity was a bit suprised. "Are you cracked? You want him back? But, what about his chaotic feeling?" Rainbow had to think for a moment. "Yep, his devilish gryphon look is pretty amusing." Orion looked at his crystal ball. "I don't know how to get him back?" Spike knew what to do. "Hold on, let me see that. If you press your thumb on the top of the ball, a spark might fly out. Here goes nothing." A spark came out of the crystal ball and landed on the ground. Javier Black appeared and yelled in a squeaky voice. "I am Javier Black. HERE ME... squeak? What the hell?" He looked up and saw the ponies staring down to the ground straight at him. "I'LL GET MY REVENGE!" Everypony laughed as the shrunken creature ran off. Then Spike bounced on Rarity and started tickling her belly. Rarity laughed harder. "No! Please! Stop! That tickles!" Everypony continue to laugh even loud and happy.

#### Act 4

Spike was in the dressing room combing his spikes. He looked closely in the mirror making sure there's no missed spots he needed fix. Then he saw Rarity from behind him in the mirror. Spike looked behind him and winked at Rarity. Rarity smiled. "Come on, Spikey-wikey. You're missing all the fun at the gala." Spike gave Rarity a smoulder. "Ha. What am I going to with you?" Rarity chuckled. "I have no idea. But, the next year, we might get married." Rarity left the room and Spike looked in the mirror again. He looked in his suit and took a look at a necklace that Rarity gave him. When he put it back in his suit, he looked at the clock. "Oh my. It's almost twelve o'clock. I need to get down there." He jumped off his seat and rush out of the room. Spike the dragon had a party to get to.
